FREE TEETH WHITENING FOR LIFE

Free Professional Teeth Whitening for Life is a courtesy of Gangwisch, Grandy and Melzer. We extend this program to those patients that have exhibited their desire to take their dental health and oral hygiene seriously. At Gangwisch, Grandy and Melzer we believe that it is extremely important to maintain regular hygiene appointments in order to maintain a healthy and beautiful smile. People that maintain their oral care through regular hygiene appointments actually spend less money on dental care on average than those that only see a dentist when they perceive a problem exists. Often times, delays like this can cause irreversible damage to teeth and gums.

Free Professional Teeth Whitening for Life was developed as an incentive for those patients that already take their dental care seriously and those that need a little extra incentive. Patients will receive free custom made professional teeth whitening trays for home use.
